## Customer Reviews

This book is second in importance only to the Wraith: The Oblivion core rules. Containing tons of background information, new uses for Arcanoi (and three entirely new "lost" Arcanoi), new character and Shadow archetypes, and even a guide to playing Wraith in other cultures' lands of the dead, there is something in here for everybody. This book is an absolute must-have for any serious Wraith player.

This book helps explain the inner workings of the underworld, as well as give new Aracnos and explanations for lands beyond the Stygian Underworld.
