ACT For Adolescents: Treating Teens And Adolescents In Individual And Group Therapy

Synopsis

In this much-needed guide, a clinical psychologist and a social worker provide a flexible, ten-week protocol based in acceptance and commitment therapy (ACT) to help adolescents overcome mental health hurdles and thrive. If you're a clinician working with adolescents, you understand the challenges this population faces. But sometimes it can be difficult to establish connection in therapy. To help, ACT for Adolescents offers the first effective professional protocol for facilitating ACT with adolescents in individual therapy, along with modifications for a group setting. In this book, you'll find invaluable strategies for connecting meaningfully with your client in session, while at the same time arriving quickly and safely to the clinical issues your client is facing. You'll also find an overview of the core processes of ACT so you can introduce mindfulness into each session and help your client choose values-based action. Using the protocol outlined in this book, you'll be able to help your client overcome a number of mental health challenges from depression and anxiety to eating disorders and trauma. If you work with adolescent clients, the powerful and effective step-by-step exercises in this book are tailored especially for you. This is a must-have addition to your professional library. This book includes audio downloads.

Customer Reviews

Turrell and Bell present a clear, respectful, and fun way to bring Acceptance and Commitment Therapy to adolescents. The book is filled with practical exercises, and also transcripts that nicely illustrate how to have compassionate conversations with youth. Over a decade ago, when ACT was

just taking off, I heard Albert Ellis say that ACT would only be understandable only to people with an IQ over 130. Since that time, there has been great progress in making ACT simpler. ACT for Adolescence is another step important step forward. If you do mindfulness-based or values work with young people, this book is a must read..
