Exalted Aspect Book Water

Synopsis

The Ebon Offspring of Daana'd Sailors, spiritualists and businessmen without compare, the Aspects Water are the tidal vortices of the Dragon-Blooded host. Yet bureaucrats and sailors do far more than trade at foreign ports to increase the wealth of the Dynasty. With their skill at business, their eagle and their mastery of the waves, the Children of Daana'd are bookkeepers and investigators, endless fonts of secrets and designs for Creation. The Drowning Hands of the Dragon-Blooded Aspect Book: Water is the fourth Aspect Book for Exalted series detailing the different types of Terrestrial Exalted. It tells stories of five Caste members, from those who have just graduated from school to the plans of the mighty Peleps Deled. This book provides the magical powers, rules and artifacts that Water-Aspected characters need to claim their roles as masters of trade and subterfuge.

Customer Reviews

This is a fine, fun book. First Edition Exalted is obsolete, but the information contained herein is mostly flavor and history. It gives an excellent insight into the minds of the water aspected Terrestrial Exalted, and, as such, stays relevant even into the second edition.

A must have for 1st edition Dragon-Blooded players and for Storytellers with DB npc's. It is also a good read for setting material.
