What Happened To Kevin: A Neighbor's Diary Of Child Abuse And Neglect (Shannon's NH Diaries Book 3)

Synopsis

This is a true story of child abuse and neglect. It's not a novel. It's an actual diary, kept day-by-day, documenting what neighbors witnessed, and a mother who was out of control. What would you do if you heard child abuse in the apartment next door, night after night? What if the police and state agencies couldn't protect a three-year-old from his sick and twisted mother, and the father who claimed he slept through it all? This real-life diary tells the true story of Kevin. It's one of the worst true child abuse stories, told by Kevin's next-door neighbor. In this book, you'll read what happened, day by day, as the legal system failed this little boy. Don't expect a "happily ever after" novel. In this book, you'll read an actual diary as it was written during more than a year of child neglect and abuse. As the tragedy unfolded, it took its toll on everyone involved... including those who knew what was going on and couldn't stop it. It's a harsh plea for increased child abuse awareness. "What Happened to Kevin" contains the full text of two true child abuse stories -- "Momma, Don't Hit Me!" and "Momma, Stop! I'll Be Good!" -- previously published separately. This book tells what happened to a little boy named Kevin, between November 2011 and May 2013. (Previously published as "Kevin's Story.")

I'm sorry but I can't believe you tried to find other reasons to support you not helping Kevin. God knows the abused are crying out. Which part of the constant abuse could you not interpret? You could have stopped it so early

I found it impressive that the author the boy's neighbor took such consistent notes to document what was going on. It was so frustrating to see the total lack of a safety net for children in such serious trouble. It was not artfully written, but did not need to be.

Good book. I thank Shannon for keeping the diary and composing the book. Although I felt at times it dragged it had to because it was what was happening. I believe for those who have it been involved in an abuse situation and or avoided getting involved it is an excellent eye opener. I hope more folks after reading will counterpart when witnessing abuse of children.

I found I could easily relate to the author. I see abuse damn near every day and it's so damn hard to watch and not be able to do anything. The police do nothing, CPS does nothing. I'm glad Kevin's story had a happy ending.

The story in general is sad and relatively interesting. But the author makes herself seem like a nosy and meddling person, who finds fault in all her neighbors and everything they do. For instance, making it a point that her neighbors car didn't have a rear view mirror, or the fact that the neighbor in the basement apartment didn't have much furniture. That's completely irrelevant to the purpose of the story. And it makes her come off as a rather nosy and annoying neighbor. It's no wonder why the apartment manager and owner of the complex eventually got frustrated with all of her complaints.
