Applying Counseling Theories: An Online, Case-Based Approach

Synopsis

Counseling Theories Applications, 1e offers the power of the Web and the promise of a true understanding of counseling theories. Unique in product design and intellectual approach, it combines a book, interactive cases and web-based learning into one innovative product. Flexible enough to support any core theories text, it is also simple enough for all course delivery modes. Using this multi-sensory approach, readers learn what therapists do, why they do it, and how basic theories can be applied in clinical settings. A central goal of this product is to help readers grasp the fundamental principles that govern the application of 16 counseling theories. From Freud to Feminism, the authors distill each theory into core principles for applying each theory. Each chapter translates the formal concepts, assumptions, and techniques of the theory into user-friendly guidelines for working with clients. Reading the book, one learns the essence of applying each theory and can delve into the original theorist's work, comprehensive theory books, or eclectic counseling approaches with clarity and understanding.

Customer Reviews

This is a good book for anybody looking to begin learning the ideas behind the basic theories. The CD also gives you a chance to work on applying theories to potential "clients." It's pretty basic, but a good place to start.

Quality of the book was terrible. Many pages are written all over in colored marker - maybe half of

the entire book. The book was advertised as being "very good". Though the quality was terrible, I did not feel like returning it. The cost was low, but I would not have made the purchase at the advertised cost had I known how poor the quality was. That is, quality was way lower than cost, but not worth the trouble of re-shipping. Won't buy a used book again from this seller, ever.

After purchasing this book brand new, I find out that I need an access code to utilize the online component. I am NOT happy!

Item as described promptly shipped
