Customer Reviews

Omg! I could not put this book down. This is Polly and Leos story. It is so full of action and suspense that I read this one in a day. Great plot and fabulous writing. Polly and Leo fall in love early on in the story. The interesting part is when they each have a secret that takes them all over the place. It's a great read!

I cannot begin to express my feelings for how I felt after reading this book. I loved the main characters, Polly and Leo. This book touched just about every emotion one could have. The romance was hot and steamy. You will love how destiny played in their love. I highly recommend this series. Each book gets better and better!!!

Kris Calvert's Sex and Lies books keep getting better and better . I wish I could rate Sex, Lies & Pearls more than five stars. This third addition to the series follows Sam's best friend, Polly as she tries to make a life for herself away from her best friend and her family. Unfortunately, as Polly begins to pursue her romantic interests with the sexy FBI profiler, Leo, secrets from Polly's past come back to haunt her. The suspense in this novel is a little more intense than the first two novels. The end of Sex, Lies & Pearls left me craving for more about the pair. I hope we read about Leo and Polly in future novels. I will say I missed Mimi, Sam's grandmother, in this novel. Hopefully we get more of her and the rest of the gang soon. Again, I highly recommend this series to anyone who enjoys a good romance with suspense. I stayed up all night again to finish this one, too.

Since I bought the book without reading any reviews or book descriptions I was a tad surprised to find out my favorite characters from book 1 and 2 were not really in this book but it is more about the "secondary" characters from the earlier books. Still a great read and now off to get book 4!

It was a good book as the others in the series, that I've read. Just too much sex for me. I was hoping there'd be more suspense, thriller type of situations but it's really just all about sex with a minor back story thrown in.

Enjoy the way her characters come to life and the suspense when it occurs is genuine. I started off with the first book Sex lies and Sweet Tea and became hooked. Quickly followed with Sex lies and Lipstick, finished Sex Lies and Pearls and am now off to purchase Sex Lies and Lace. This Author is addictive as it has taken me only two and a half days to do all this reading. Lucky I had some time off!

It was okay, plot was kinda the same on the 3 books that I read by Kris. They just had different names and locations. Kinda knew that there would be a happily ever after, don't get me wrong, they are nice, I just wished for a little more suspense.

Aaah, Polly and Leo's story is filled with mystery and drama. I did NOT want to put this book down. I really enjoyed the love story. I can't wait for the next installment. Loved!
