Cardiorespiratory Diseases Of The Dog And Cat

Synopsis

Cardiac cases represent a large proportion of the small animal patients in most practices. However patients often initially merely show symptoms of a "chest complaint", which could represent either a cardiac or pulmonary problem. This book provides a practical guide for practitioners faced with such cases. Written in an easily accessible note form the book uses a practical approach considering the symptoms first and then the possible causes

Book Information

Series: Library Vet Practice

Paperback: 337 pages

Publisher: Wiley-Blackwell; 1 edition (January 15, 1997)

Language: English

ISBN-10: 0632032987
