Customer Reviews

I needed this for a Government class. I like the way the book is laid out. It gives me the information that I need without having to buy another book to supplement the text. Lots of photos and charts to make thing clear.

I dont see why my professor said to get this edition when the 9th and 8th edition have practically the

same exact words as this one.

I really wasn't expecting the book to be brand new. I rented the book, and its in excellent condition. Extremely impressed and will keep the book intact.

Great condition! Hate the book though lol not the sellers fault I just hate having to buy/ read this for class. Thanks!

Came in worse condition than expected. The book is sticky, annotated, and stained.

This book was very detailed and well organized

great book, understood the material

The book is very helpful.
