Fact, Fiction, And Flying Saucers: The Truth Behind The Misinformation, Distortion, And Derision By Debunkers, Government Agencies, And Conspiracy Conmen

Synopsis

There is a clear conspiracy to deny the existence of UFOs. The mainstream media has misinformed us for years about UFO studies conducted by highly regarded scientists associated with some of the finest universities in the country. There is significant evidence that the U.S. government has covered up the alien presence through misinformation, distortion, obfuscation, and ridicule. Some prominent, politically connected scientists have engaged in the cover up. And a few professional writers have helped to successfully label any scientists who have been persuaded by the evidence and brave enough to take a stand as unscientific charlatans, fanatics, and kooks. *Fact, Fiction, and Flying Saucers* examines the wealth of archival documents that clearly demonstrate this cooperative disinformation effort and refute the false claims made by these professional scoffers. Friedman and Marden set the record straight by examining politically motivated misinformation and presenting the compelling evidence that separates fact from fiction. They reveal: The most compelling UFO evidence, including a variety of large-scale scientific studies. The current state of UFOlogy and what the future holds. The media's role in disclosure and denial. The government scientists whose job it is to deny. The Air Force, FBI, CIA, and NSA's involvement.

Customer Reviews

You are driving down the highway at a good clip- at night- and over to your left in the sky at about 45 degrees elevation you notice a small star that seems to be keeping pace with your vehicle. You make a sharp right hand turn and so does the "star." You speed up, you slow down, and so does

the "star." You happen to be a major player in the Gay community, or you are a whistleblower like Karen Stewart or you have been making a lot of left-of-center comments to news articles online recently. As you drive, over time, you begin to feel a burning sensation on your left shoulder and when you get home and look in the mirror, the upper left side of your person is beet red, as if you had sustained a sunburn on that part of your body. Congratulations...you are a victim of MK Ultra and you have just joined the international community of "Targeted Individuals." This is why there will never be a "Disclosure." Some person or group of persons has commandeered alien technology and is now using it on social undesirables who cannot be legally arrested. This, evidently, has become the new world order.
