Customer Reviews

I cannot believe that books can be published with so many errors. Aren't these books proofread?

There were hundreds of typos, spelling and grammatical errors. It is a disgrace and I am embarrassed that I actually paid money for this.

Honestly this book is in serious need of editing. One small example talks in one sentence about chasing a stranger. The next sentence says "THey ran into the woods." When did one person become they and then back again? This continual bad editing ruins the story.

I have been reading the series from the start. The stories were interesting, but to simple in the beginning. As the series developed, they began to improve a lot. I almost gave up in the beginning, but am glad I continued on. Emma Watts is really growing in writing these books, and I am looking forward to reading the next two. The only reason For 4 stars instead of 2 is for editing.

This series is really fun and a quick read. I enjoy reading about Jane and her family and the mysteries they solve. This is a feel good series and when you are done you are ready to start a new book! If you like light hearted witch stories with a murder involved you will love these books!

I loved this book, it had suspense, romance and kept me guessing. However, Emma Watts needs to be more diligent in proofreading. It annoyed me and some sentences didn't make sense. Otherwise, a good read..
