The Kill List - A Sam Prichard Mystery Thriller

Synopsis

USA TODAY & #1 BESTSELLING AUTHOR â¢ ONE OF THE BEST NEW VOICES IN THE ACTION THRILLER GENRE â¢ With over 250,000 books sold, and well over 1,000 five star reviews on , the Sam Prichard series is quickly storming the charts. David Archer's ability to create exciting, page-turning, action and suspense is second to none. Fans can't get enough of it, but don't take my word for it though. See what all the fuss is about before Archer becomes a household name!THE NOTE READ...âœMr. Prichard, the people you see in the photos will be killed within the next forty-eight hours, unless you stop me. I have been following your exploits closely, and I think that you are the one I need to make sure I stop doing this. I've been trying for more than fifteen years to kick this habit, but I can't. Normally, I don't strike so many times so close together, but in order to get you interested, I'm going to up the odds. I need you to do only two things: discover who each of my victims is, and then do all you can to stop me before I can kill each one. The first one will die exactly twenty-four hours after you receive this note. The second will die twelve hours after that.....and the third twelve hours after that. If you cannot stop me before I can kill the third one, then no one can. Then there will be a fourth victim, but you get no clues for that one. Good luck."

Customer Reviews

At the end of "Framed", Step Back Once played a show and Sam was sitting at a table with Indie. He ordered a cold soft drink and when she brings it back, she hands Sam an envelope. She says it was given to a bouncer and asked him to see to it that Sam was given the envelope. Inside are three pictures, one man and two women, with their faces distorted. There is also a typed note enclosed -- seemingly from a cheap, throwaway printer. *"Mr. Prichard, it read, the people you see in the photos will be killed within the next forty-eight hours, unless you stop me. I have been following your exploits closely, and I think that you are the one I need to make sure I stop doing this. I've been trying for more than fifteen years to kick this habit, but I can't. The first one will die exactly twenty-four hours after you receive this note; the second will die twelve hours after that, and the third twelve hours later. If you cannot stop me before I can kill the third one, then no one can. Then there will be a fourth victim, but you'll get no clues for that one." (*This quote is by author, David Archer) Sam & Indie race against time to try to prevent the deaths of the three people in the photographs. Who are they? Are they connected? Will Sam & Indie stop the murderer before people start dying? After Thought: I've read that people are tired of the "mushy" conversations between Sam & Indie with the never-ending "I love you"s.
