Customer Reviews

A blast to read through, taking you back to the more tongue and cheek days of GW writing. The units described in it are fun as well, here's hoping that they eventually get a nod in Age of Sigmar.

An older out of print book to an army that should never have been discontinued. perfect for the old school warhammer collector!

Lost my copy years ago, glad to find one again. Needed to complete my collection of Dogs of War models.
