Customer Reviews

I asked myself, a third of the way through "The Hour Game," what more could a reader want in a mystery, suspense thriller than what author David Baldacci has offered up in his latest novel? There are two fascinating protagonists with great mutual chemistry, interesting secondary characters, an

intriguing plot and a bevy of subplots. Needless to say, I looked forward, with delight, to reading the rest of the book - only to be let down, cruelly. I just hate to be disappointed by a novel. I am an avid reader and pride myself on my ability to concentrate. However, Baldacci introduces so many characters of great import, and more of lesser standing, along with so many plots, subplots, potential plots and all sorts of motives, that I found it difficult to keep them all straight. And this book is far too long! I began to study the novel, actually taking notes, as if it were homework for a class in thermodynamics. Not fun! I just finished reading many positive reviews for "The Hour Game" and am beginning to wonder if I am the only one who was effected negatively. Although I am tempted to fudge a bit on the rating and go with the crowd, I have to call it as I see it. Reviewer's integrity and all that. Mr. Baldacci introduced us to two disgraced secret service agents in "Split Second," Sean King and Michelle Maxwell. Since we last saw them, these two have changed careers and joined forces by becoming partners in a private investigation firm, King and Maxwell, located in small-town Wrightsburg, Virginia. This odd couple, of sorts, is what makes the novel work. Their combined energy, skills, intelligence and humor cannot be beat. King is a "neatnick," everything-in-its-place type. He is a connoisseur of rich food and fine wine, and a steady rock when it comes to dependability. Michelle is a slob!
